

## THE MONEY COLUMN

The racing season is now over with the last of the Hill Climbs being completed. Now it's about maintaining core fitness over the winter on the winter club runs, enjoying the social side and thinking/planning next season.

Membership has currently finished at 116. This year we have waited to hear from the many members who had not yet re-joined. We have included reminder slips to them via each WestVet magazine. I have previously highlighted this issue in this column.

Our Editor, Mike has spent time and effort in contacting as many as possible (26) to check their status and already we have had some positive response.

I am working on the Accounts and was hoping to have the balance sheet for this issue but it's not ready. Our loss is looking in the order of £252.00 for 2014. I have drawn down funds from our National Savings Account to ensure we can pay our Invoices.

The details and balance sheet will be presented at the AGM next Sunday and we will have some debate on costs going forward.

Remember re-join and continue to receive 4 Westvet Magazines plus 4 Veteran Magazines per year, this is still great value.

If you Bank on line why not pay by BACS direct into Lloyds Bank:

Sort Code = 30-18-88; A/C No= 02000538. If you pay by this method can you drop me an email so I can tick you off as paid.

If you do decide to leave us, please drop me a line or email.

Well that's all from me.

Remember; let's be careful out there.

Ian
