** New course Record

It appeared a lot of riders had decided against riding due to the forecast! However approaching 'kick-off' the cloud was high and there was little wind - it looked like it could be a reasonable evening. The wet stuff did appear right on cue at 6.46pm but it remained light and conditions weren't too bad.

There were 7 riders from SRC, 11 from CCC and 1 guest.

Fastest rider on the night was James Stewart (Team Raleigh) with 20m 49s with a new course record.
