Rapido Training
16 The Glenmore Centre
Marconi Drive
Waterwells Business Park
Quedgeley
Gloucester GL2 2AP

Tel/Fax: **01452-886625**
Email: **info@rapidotraining.co.uk**

Course aim: To provide candidates with knowledge and understanding of First Aid to provide appropriate care and manage life threatening conditions, illness and injuries identified in early years settings.

Meant for: those involved in early years settings who wish to provide quality and effective First Aid care.

Course practical content:

Carry out scene assessment and prioritise First Aid treatment in an Early Years setting
Provide First Aid for an unresponsive infant and child
Carry out CPR and recovery skills promptly and effectively on an adult, infant and child
Administer First Aid to a casualty who is choking
Administer First Aid to an infant/child who is bleeding
Administer First Aid to a casualty suffering from shock

Course knowledge content:

Carry out scene assessment and prioritise First Aid treatment in an Early Years setting
Provide First Aid for an unresponsive infant and child
Carry out CPR promptly and effectively on an adult, infant and child
Administer First Aid to an infant/child who is choking
Administer First Aid to an infant/child who is bleeding/haemorrhaging
Administer First Aid to an infant/child suffering from shock
Carry out an illness and an injury assessment
Recognise and respond to serious or life threatening illnesses or I injuries that occur in children and infants

Delivery: This is an interactive course lasting 14 hours designed to blend practical activities with background knowledge. Students are required to complete practical activities and a workbook which is independently examined. Upon successful completion certification will be made through the awarding body Future (Awards and Qualifications) and is valid for three years.

Cost: £75 but fully funded (free) to Rapido Learners
