Course aim: This emergency First Aid course is designed to provide individuals with the basic awareness, skills and confidence to prepare them for an emergency situation.

Meant for: This course is suitable for and recommended to everyone and is applicable to any individual or working environment. Though can be tailored to suit a particular audience if required. First Aid is mandatory for those working in a care setting and considered good personal and professional practice for everyone.

Course content:

- Safety awareness/how to get help
- Dealing with electrocution
- Blood born virus protection in First Aid
- Accident books
- Patient examination conscious/unconscious casualty
- Protection of airway & the recovery position
- Resuscitation of adult and child
- Treatment of choking adult/child/wheelchair casualty
- Basic use of First Aid box
- Treatment of shock including anaphylactic shock
- Recognition/treatment of heart conditions
- Recognition/treatment of diabetes
- Asthma

Delivery: This course blends practical activities with theory based tasks delivered within an informative yet enjoyable atmosphere. Certification is dependent on successful continuous assessment of the learner. There is no formal final examination. Those learners who complete the course and are considered to have reached the required standard are issued with a certificate that is valid for a period of three years.

Cost: £25 per head. Group rates available for in-house delivery.
