Course aim: This course is designed to ensure that all healthcare workers who may administer medication do so with regard to safe practice.

Meant for: This course is suitable for trained staff, managers and carers who administer medication in any child care or adult care setting.

Course content:

An introduction to medicines and prescriptions
Medicine supply, storage and disposal
The safe administration of medication
Quality control and record keeping
Accountability, responsibility and confidentiality
Legislation and policies

Delivery: This is an interactive course delivered to the 'Administration and control of Medicines in Care Homes and Children Services' standard, published by the Royal Pharmaceutical Society in July 2003/updated 2007. The course has a blended learning approach to ensure full knowledge and understanding is gained within a friendly environment.

Cost: £25 per head. Group rates are available for delivery in the workplace.
