

Aztec West Transport Issues Meeting

17 March 2015, 14:00 – 16:00

Atkins, The Hub, 500 Park Avenue, Aztec West

North Bristol SusCom is a group of businesses and business parks in the North Fringe working together to reduce congestion in the area and promote sustainable transport to our combined 40,000+ employees and 30,000 students.

Our Aztec West area based members are meeting on the 17th March 2015 14:00 – 16:00 to review key transport issues and priorities for staff and visitors in this part of Bristol. We would like to invite you to join us and feed into these discussions.

In the first half of the meeting we will review the issues and priorities raised when we met last year and any new issues that have arisen. We also want to discuss longer-term aspirations to feed into the strategic transport plan being developed by the West of England Councils in 2015.

For the second half of the meeting we will be joined by Council staff to get an update on works recently completed, planned or being prepared for the area. This will include updates on the Aztec West roundabout (signaling, cycling, pedestrian improvements), MetroBus and managed motorways.

We hope you can join our existing members in the area (Atkins, Babcock, CSR and NVIDIA) to help us to review and prioritise the local transport issues that need to be addressed. Please let me know if you can/cannot make it and do not hesitate to contact me if you have any questions.

Ann O'Driscoll, Director, North Bristol SusCom
