Other Additional Comments written on feed back sheets:

- Thank you!
- Please move away so we can see screen
- Some (Useful information about DRN)
- PA (System) would have been helpful
- Would have liked more info on redundant building programme
- Partially (Met needs)
- Mostly (well presented)

- Some of them (met needs)
- This form does not allow for any real feedback
- Very difficult to hear
- Poor acoustics in the room
- Please provide microphones in future lectures
- Half and Half (met needs)
- Please use less abbreviation
- Power Point too quick!
- Please use amplification for speakers!
- Presentations were rushed and some presenters read the information straight from the presentation slide
- One presenter was much better and clearer than the other, much easier to understand
- Very good way/format of presenting information
- (Useful info about DRN) except I would have liked to hear about what is coming out of the sausage machine rather than strategies
- Partly (met needs)
