

## North Bristol SusCom - January 2016 Update

---

### Get Gorge-ous Cycle Challenge 2016

Want to encourage colleagues to get cycling? Adult cyclists of all abilities are being invited to 'get on their bikes' for a 50 mile cycle ride from Bristol to the Cheddar Gorge, and back!

Interested parties [sign up](#) to a series of training rides over 5 months, starting in February 2016, to build up strength, skill and stamina for the main challenge ride on 2 July 2016. The CTC (national cycling charity) will give help & encouragement, advice about bikes & equipment and answer any questions.

Contact [bob@cyclebristolctc.org.uk](mailto:bob@cyclebristolctc.org.uk) for more details and to register now!

A poster is available [here](#) to download and promote to staff.

### Help Plan the future of the West of England

At our SusCom meeting in November, I briefed you on two major consultations getting underway about the future of the area. The West of England Joint Spatial Plan and Transport Study will set out a prospectus for sustainable growth that will help the area meet its housing and transport needs for the next 20 years.

Working with Business West, the Bristol Green Capital Partnership and the four local authorities, North Bristol SusCom is helping to organise a number of consultation events to help businesses input into where these future homes and transport investment should be located.

You, and/or a colleague, are invited to join us at the following consultation event: **South Gloucestershire Business Event, 20 January 2016, 8am-11am, Hewlett Packard Enterprise**

The event will include a range of presentations, facilitated workshops and an opportunity for you to have your say on these important issues. To attend this event you will need to register [online here.](#)

## Travel to Work Survey

Reminder that the Travel to Work Survey will take place in March again this year. More info will be sent out over the coming weeks. As per previous years, we will provide you with email templates and materials to promote the survey to staff. For those of you participating in the SES Case Study as well, UWE is currently arranging interviews with all participants and SusCom will be helping organise the cordon counts.
